

## GAMS – Commercial Price List – December 24, 2016

This price list includes the required Base Module and a number of optional solvers. The prices shown are for an unrestricted, perpetual named single user license on a specific platform.

Commercial Prices		
	Problem Types	Single User License (USD)
<b>Base Module</b>		
GAMS Base Module (required)		3,200
- secure (encrypted) work file option		3,200
<b>Solvers</b>		
GAMS/ALPHAECF <sup>1</sup>	MINLP	1,600
GAMS/ANTIGONE <sup>1</sup> (requires presence of a GAMS/CPLEX and a GAMS/SNOPT or GAMS/CONOPT license, includes GAMS/GLOMIQO)	MINLP	3,200
GAMS/BARON <sup>1</sup> (for details see: <a href="http://www.gams.com/baron">http://www.gams.com/baron</a> )	MINLP/NLP	3,200
GAMS/CONOPT	NLP	3,200
GAMS/CPLEX	LP/MIP/QCP/MIQCP	9,600
GAMS/DECIS <sup>1</sup> (requires presence of a GAMS/CPLEX or a GAMS/MINOS license)	LP	9,600
GAMS/DICOPT <sup>1</sup>	MINLP	1,600
GAMS/GLOMIQO <sup>1</sup> (requires presence of a GAMS/CPLEX and a GAMS/SNOPT or GAMS/CONOPT license)	QCP/MIQCP	1,600
GAMS/IPOPTH (includes HSL-routines, for details see: <a href="http://www.gams.com/hsl">http://www.gams.com/hsl</a> )	NLP	3,200
GAMS/KNITRO	NLP	3,200
GAMS/LGO <sup>2</sup>	NLP	1,600
GAMS/LINDO (includes GAMS/LINDOGLOBAL with no size restrictions)	LP/MIP/NLP/MINLP	12,800
GAMS/LINDOGLOBAL <sup>2</sup> (requires presence of a GAMS/CONOPT license)	MINLP/NLP	1,600
GAMS/LOCALSOLVER	MIP/MINLP	9,600
GAMS/MINOS	NLP	3,200
GAMS/MOSEK	LP/MIP/QCP/MIQCP/NLP	3,200
GAMS/MPSGE <sup>1</sup>		3,200
GAMS/MSNLP <sup>1</sup> (includes NLP solver LSGRG2)	NLP	1,600
GAMS/OQNLP <sup>1</sup> (includes NLP solver LSGRG2 and solver GAMS/MSNLP)	MINLP/NLP	3,200
GAMS/PATH (includes NLP solver PATHNLP)	MCP/NLP	3,200
GAMS/SBB <sup>1</sup>	MINLP	1,600
GAMS/SCIP	LP/MIP	3,200
GAMS/SNOPT	NLP	3,200
GAMS/XA	LP/MIP	3,200
GAMS/XPRESS	LP/MIP/QCP/MIQCP	9,600
<b>Solver-Links</b>		
GAMS/CPLEX-Link	LP/MIP/QCP/MIQCP	3,200
GAMS/GUROBI-Link	LP/MIP/QCP/MIQCP	3,200
GAMS/LOCALSOLVER-Link	MIP/MINLP	3,200
GAMS/MOSEK-Link	LP/MIP/QCP/MIQCP/NLP	1,600
GAMS/XPRESS-Link	LP/MIP/QCP/MIQCP	3,200

<sup>1</sup> Performance will heavily depend on the choice of the selected sub-solvers.

<sup>2</sup> Maximum model size: 2000 constraints and 3000 variables

## General Information:

- The **GAMS Base Module** includes the GAMS Language Compiler, IDE (MS Windows only), GAMS-APIs (low-level and object oriented), CONVERT tools, EMP framework, UNIX utilities, GDX utilities, the KESTREL interface to the NEOS server, GAMS Open Source Solvers and Links (LP/MIP/MINLP/NLP), GAMS/LOGMIP (MIP/MINLP), GAMS/MILES (MCP), GAMS/NLPEC (MPEC), GAMS/SOPLEX (LP), and GAMS/SCIP (MIP, [MI]NLP) without size restrictions. All other solvers are included, but without a valid license these size limitations will apply: 300 constraints, 300 variables, 50 discrete variables, 2000 linear non-zeros, and 1000 non-linear non-zeros, additional limits for global solvers: 10 constraints, 10 variables. Please [follow this link](#) for further information.
- A **GAMS/Solver** connects the GAMS Base module to a particular solver and includes a license for this solver to be used through GAMS. It is not necessary to install additional software. A **GAMS/Solver-Link** connects the GAMS Base Module to a particular solver, but does not include a license for the solver. It may be necessary to install additional software before the solver can be used. The use of the GAMS/Solver-Links, including the Open Source Links to commercial solvers requires confirmation that the user has a valid license agreement for use of the current version of the solver library, and that the use of the solver will comply with the terms of that license agreement. To check the solver availability for a particular platform please consult the last page of this document or the [release notes](#).
- **Available Licenses:** GAMS licenses are based on the number of GAMS users within an organizational unit. We do not consider concurrent uses, but rather count the number of individual people that will use GAMS on a routine basis as part of their jobs or research. A GAMS user is welcome to install GAMS on more than one computer - assuming that only one of those computers will be used at a time.

- **Single User Licenses** are restricted to an individual person - the license file will show the name and the email address. We provide multi-copy discounts for additional single user licenses on the same platform: 30% discount on the original price for the second copy and 50% discount for the third and following copies of the same modules, if the other single user licenses are under maintenance.
- **Multi-User/Department (MUD) Licenses:** Multi-User/Department (MUD) licenses allow several users to run the licensed software on one or more computers with the same operating system. MUD licenses are available to departments, work-groups, or project teams where the license is centrally administered. The license file will show the name and the email address of the license administrator.

License	Users	Price
small MUD	up to 5	twice the price of a single user system
medium MUD	up to 10	three times the price of a single user system
large MUD	up to 20	four times the price of a single user system

- **Additional Available License types:** Please contact us to discuss any special licensing needs (e.g. larger MUD, or machine-based licenses).
- **Cross Platform Licenses:** Any license can be made a cross platform (generic) license at an additional charge of 50% of a single user price for all licensed modules.
- **NLP Package:** CONOPT, IPOPTH, KNITRO, MINOS, SNOPT are discounted 25% when two or more are purchased.
- **GLOBAL Package:** ANTIGONE, BARON, GLOMIQO, LGO, LINDOGLOBAL, MSNLP are discounted 25% when two or more are purchased.
- **Maintenance and Support:** The license fee covers a perpetual license to use the software. Maintenance and support (M&S) is free during the first year after the purchase of the software. After the first year the optional annual fee for M&S is 20% of the list price for all licensed modules. M&S allows free updates, adding components, platform switching without additional charge, and multi-copy discounts on the same platform. If the user does not purchase M&S for some period and chooses to purchase it at a later date, we will charge the prevailing annual maintenance and support fees for the periods that were not covered.
- **Delivery and Documentation:** The software can be [downloaded from our web site](#) and we will deliver the license file via e-mail. The software includes the documentation in electronic form. The current version of the documentation is also [available online](#) and hard copies of the GAMS User's Guide and the Solver Manuals [can be ordered through Amazon](#).
- **Prices and Regulations:** All prices are stated in US Dollars and do not include applicable taxes and tariffs. We follow the policies and regulations of the [Bureau of Industry and Security](#).
